Married to Heather
Father of two incredible daughters
Born and raised in Roosevelt, Utah

Resident of St. George

Vote Colby Jenkins
U.S. House District #2

Our Utah primary election is June 25!

National Security

I will seek every opportunity to lead on defense issues.

Constitutional Rights

I will vote to protect constitutional rights. I oppose warrantless wiretaps and illegal spying.

Securing the Border

Our current open-border policy allows illegal immigrants, drugs and criminals to flood our streets. I will fight for policies that secure our border.

Limited Government

Our government should protect citizens and preserve their rights. I aim to cut the bloated administrative state, not add more spending and bureaucracy.

Economy

I will push for a balanced budget before Congress gets paid. My focus is on revitalizing the job market.

Pro-Life

I want to prevent the use of taxpayer funds for abortion in Utah, and prioritize the protection of children.

Veterans

I will draw on my own experiences in receiving substandard veteran health care and cut the bureaucracy.

Second Amendment

I will fight against agendas to remove guns from law-abiding citizens as criminals remain armed.

Education

Parents should be heard. Students and families should decide what educational environment is best for them. Ideologies like Critical Race Theory are corrupting our kids.

U.S. Leadership

Under our current leadership, the country and the world are in turmoil. I will strive to restore law and order domestically and reinstate strong U.S. leadership globally.

Water

I will fight back against the red tape and over-bearing regulations that the federal government has put on our access to our waterways. DC should not have unchecked power over our waters and lands.

One Nation Under God

I will fight for policies that protect our religious freedoms, promote strong families and protect the sanctity of life. I will always be guided by my faith in God.
