

## MIKE CAREY FOR SALT LAKE COUNTY COUNCIL AT-LARGE

[mikecarey4cc.com](http://mikecarey4cc.com)

### Experience and Leadership Salt Lake County Needs

Mechanical engineer by degree.

Builder of large-scale projects, such as

- NIH Center
- Walter Reed Military Center
- Utah Data Center
- Penn Pavilion

Proven ability to

- Manage teams, schedules, budgets.
- Craft and negotiate contracts.
- Hold contractors accountable for delivering on commitments.
- Evaluate existing systems (for example, in infrastructure) to improve their performance or decide to retire them.
- Build consensus and get large groups of people working towards a common goal.

***"Our first obligation is to current taxpayers who are footing the bill(s)..."***

LOCAL

**GOVERNMENT**

MATTERS

Our primary election  
is June 25.

**VOTE  
MIKE CAREY**

[mikecarey4cc.com](http://mikecarey4cc.com)

### Fiscal Responsibility and Accountability

- Required county services should run at peak performance.
- Non-required services should be evaluated for outcomes.
- I oppose political “handouts” such as deputy mayor positions.

### Economic Development

- Forecasting models have erred and have brought unintended consequences.
- Businesses we attract to Utah should not price us or our children out of the market.
- Grow a sustainable productive workforce, particularly in skilled trades.

### Homelessness, Addiction, Mental Health

- ‘Housing First’ policies are nationwide failures.
- Our mental health and addiction services must be evaluated for recidivism rates.
- End the culture of enablement.

### The Environment

- Target **local** environmental solutions that bring **local** results rather than adapting global agendas that bring little but ‘feel good’ press.
- Plan for massive population growth over the Wasatch front and stop blaming alfalfa farmers.

### No Nonsense on Social Issues

- I draw a hard line respecting women’s spaces and sports.
- We can be compassionate while being pragmatic.
