

KEY POLICY PRIORITIES

Economy

Make housing affordable again by using principles of free markets, limited regulation, lower taxes.

Education

Return schools to the traditional role of teaching foundational academics.

Remove from schools **divisive, victimizing propaganda** like Critical Race Theory (CRT), Diversity, Equity and Inclusion (DEI).

Energy and Public Land

Oppose efforts to drain our reservoirs.

Keep our back country system of roads open. They are the lifblood of our rural communities.

Litigate poor federal management decisions.

Strive towards energy independence. Oppose global agendas and special interests that want to dictate what happens in Utah. Utahns should bear the local responsibility of preserving our state's natural beauty.
