TINA
FOR
STATE AUDITOR

Unlike her opponent, Tina does **NOT** take ONE DIME in campaign donations from any agency that might come under her scrutiny.

Unlike her opponent, Tina does **NOT** advise third party election NGO's that inject \$\$\$ and influence into Utah elections and have access to Utah voter rolls.

"Too often these organizations have their own agendas and desire for influence and control. Utah should fund its own election systems and create its own policies for so many reasons."
